

## BIOVID IS HIRING

*Since day one, BioVid's formula for success has been to foster a collaborative, supportive culture where incredibly talented people are encouraged to be the best at what they do.*

If you are an intellectually curious person with a diverse research toolkit who enjoys collaborating with multi-disciplinary teams and you're hungry to work with colleagues who will push you to do the best work of your career, we encourage you to explore our Engagement Manager role.

From excellence in research design and experience with diverse research methodologies, to the ability to formulate powerful, penetrating insights and craft crisp proposals and reports, this role is a great fit for someone who loves research, cherishes creative thinking, and thrives on working with talented, multi-disciplinary teams on intellectually engaging initiatives.

## WHAT YOU'LL DO

*While we invite applicants to help expand our thinking about the role based on what they can bring to us, the core duties of an Engagement Manager at BioVid currently involves:*

- Serve as project lead and main client contact on diverse projects for diverse healthcare clients.
- Consult with clients to understand project and business objectives, and provide guidance on appropriate design, methodology, and path to project success.
- Engage effectively with multi-disciplinary teams of Social Scientists, Designers, Researchers, and Operations professional throughout projects to ensure smooth operations and optimal outcomes.
- Craft best-in-class project and study materials, including screeners, surveys, discussion guides, and infographics.
- Play a central role in all facets of research and consulting projects – from project design to data collection to data analysis to report writing, workshop facilitation, and presentations.
- Working closely with our Design team, envision and craft amazing reports and presentations that exceed client expectations.
- Play a meaningful role in the training and development of junior staff.
- Play a meaningful role in cultivating BioVid's company culture and evolution by participating in organizational initiatives (e.g., committees, innovation, client relationship building).

## WHO YOU ARE

*Who you are matters to us as much as what you do.*

*A BioVidian playing the role of Engagement Manager has the following traits and qualifications:*

- Deep sense of humanity and humor, especially during busy times.
- Courage and flexibility to explore new territories and tackle new challenges.
- Joy in exploring big ideas and applying them to real-world challenges.
- Penchant for creative problem solving and raising the bar.
- Experience and excitement for both qualitative and quantitative research.
- Strong attention to detail without losing the forest for the trees
- Bachelor's degree required; Master's in relevant field preferred.
- 3+ years of market research industry experience required; 5+ years preferred.
- Experience in health care market research preferred.
- Willingness and ability to travel out-of-state/out-of-country
